1.5 T Loader

AM15

Versatility meets power. Designed for medium-duty applications, this 1.5 ton loader excels in handling demanding tasks. Its robust construction and user-friendly controls make it a reliable partner for any operation.
Equipped with a powerful hydraulic system, the AM15 delivers exceptional lifting capacity and smooth operations.

With a standard bucket capacity of 0.6 cubic meters, you can handle large volumes of material efficiently. Its impressive dumping height of 3.2 meters and reach of 700 millimetres ensure optimal material placement. Powered by a reliable Yunnei engine, the AM15 offers the perfect balance of performance and fuel efficiency. Its sturdy build and advanced features make it suitable for a wide range of industries and applications.

Specs

General Machine Performance	
Operating weight	3900kg
