The Eagle Estate 2 Highrider redefines mobility by combining the agility of a two-seater with rugged ground clearance—offering a commanding ride over uneven terrain. Designed for estates, safari lodges, rural properties, and far-reaching landscapes, this cart ensures both comfort and capability.

Key Features & Benefits

- Elevated Ground Clearance
  Built on the sturdy Eagle Estate Highrider chassis, this model comes with a raised ride height—perfectly equipped to traverse rough terrain, gravel paths, and uneven routes with ease.

- Capacious Two-Seater Design
  Thoughtfully configured for two passengers, it balances compact agility with functional capacity, ideal for personal or staff transit.

- Efficient Lithium-Ion Powertrain
  Sharing the Eagle range's advanced electric foundation, it features a 72 V lithium-ion battery system (typical for Estate-line carts) for extended range, rapid charging, and reduced upkeep.

- Modern Conveniences & Safety
  Standard across the Eagle lineup are electromagnetic brakes, storage compartments behind seats, dual sand bottles, ball and water holders, split windshields, and built-in cooler boxes—ensuring practical comfort.

- Premium Extras Available
  Enhance your Highrider with optional aluminum wheels or golf bag holders for both added durability and personalized styling.

Who It's For

- Safari lodges, rural estates, and game farms that require dependable transport across rugged grounds.

- Large properties or nature reserves needing stylish, off-road-capable mobility for staff or guests.

- Environments with uneven paths or natural terrain where traditional low-slung golf carts struggle.

Why It Stands Out
The Eagle Estate 2 Highrider shines as a purpose-built electric cart—melding the convenience of the Eagle range with elevated clearance for real-world challenges. It delivers strength, comfort, and command in equal measure—ideal for both formal estate use and adventurous off-path journeys.
