T-REX640

The Revaro T-REX640 is a 4-ton class mini excavator engineered for strength, precision, and efficiency in confined work environments.

Featuring a dependable Kubota 1703 engine and a durable hydraulic system, it provides smooth operation and excellent digging power. Its compact footprint makes it easy to transport and maneuver, while the ergonomic cab ensures operator comfort and productivity throughout long workdays. Designed to reduce operating costs without compromising on performance, the T-REX640 is the smart choice for construction, landscaping, agriculture, utilities, and municipal projects.

Key Benefits
- Compact design ideal for tight spaces
- Reliable Kubota engine ensures long-term durability
- Strong digging force with excellent stability
- Low fuel consumption and efficient hydraulics
- Comfortable operator environment with wide visibility
- Easy to transport and operate

Specs

General Specs	
Operating weight	4000kg
Bucket capacity	0.11m³
Engine model	Kubota 1703
Engine power	18.5 kW / 2200rpm
Total length (transportation status)	4945mm
Full width (transportation status)	1700mm
Full height (transportation status)	2585mm
Number of supporting wheels	8pcs
Track width	300mm
Ground clearance of counterweight	595mm
Minimum ground clearance	270mm

Wheel spacing	1750mm
Slew speed	12rpm
Fuel tank capacity	40L
Hydraulic oil tank capacity	41L
Whole machine pressure	22MPa
