5.5 Ton Front-end Loader

T-REX955S

1.The T-REX955S is equipped with a Perkins engine providing ample power for all applications.

2.VRTE205 automatic transmission, KD function, power cut-off function, gears front four and rear four, easy to control, reliable and durable.

3.Hydraulic-driven reversible cooling fan optimizes cooling and engine efficiency by varying the fan speed to maintain the appropriate water and oil temperatures.

3.Cab is equipped with optimized air conditioning and air suspension seat with heating.

4.ROPS&FOPS certified cab with expanded glass viewing area, rear-view camera, and four LED working lights.

5.All pertinent information is monitored by the conveniently located screen within the operator's field of vision.

6.Engine and daily maintenance points are easily accessible through the wide-opening rear hood.

Specs

General Specs	
Bucket capacity	3.2m³
Operating weight	18000kg
Rated load	5500kg
Rated power	172kW
Length×Width×Height	8420x3024x3410mm
Wheel base	3300mm
Max.dumping height	3150mm
Dumping distance	1200mm
