800L Semi-Hydraulic Mounted Field Sprayer

AFS-800B

Built for improved efficiency and reduced operator effort, the Revaro Mounted Field Sprayer (Semi-Hydraulic) delivers consistent crop protection with enhanced control and wider field coverage. Designed for mounting on standard tractor three-point linkages and powered by PTO, this sprayer features a semi-hydraulic boom system that allows for easier operation and faster adjustment in the field. This improves productivity while maintaining accurate and uniform spray application. The durable polyethylene tank and high-performance diaphragm pump ensure reliable operation for spraying herbicides, pesticides, and liquid fertilizers. With multiple tank capacities and extended boom widths available, this sprayer is ideal for larger fields and higher-output farming operations. Efficient, durable, and built for demanding conditions - this is a dependable solution for farmers looking to cover more ground with less effort.

Specs

General Specs	
Capacity	800L
Width without boom	1 750mm
Length without boom	940mm
Total Height	2 070mm
Pump Type	C96
Boom Length	12m
Regulator Model	OSR
Pressure Safety Valve	standard
Tank Mixer	standard
Tank Material	polyethylene
Hand Washing Tank	5L
