400L Manual Mounted Garden Sprayer

AGS-400

Built for targeted crop protection in orchards, vineyards, and horticultural applications, the Revaro Mounted Garden Sprayer delivers efficient and controlled spraying where precision matters most. Designed for mounting on standard tractor three-point linkages and powered by PTO, this sprayer provides reliable performance for applying pesticides, herbicides, and liquid fertilizers. Its compact design allows for easy maneuverability in tighter spaces, making it ideal for tree crops, row crops, and greenhouse environments. Equipped with a high-pressure diaphragm pump, adjustable spray gun, and extended hose system, the Revaro Garden Sprayer ensures consistent coverage and flexibility for a variety of spraying tasks. Durable, easy to operate, and built for versatility - this is a dependable solution for farmers looking for efficient plant protection in more controlled and specialized applications.
